

Dear Sir or Madam,

Before you go on a beautiful trip with our skipper, we would like you to read the following carefully.

Our skippers are all trained to get on the water with you in the most comfortable way possible.

The ribs are also equipped for this and have a proportional motor power and not the maximum power.

You will of course receive an approved life jacket and if necessary a suit that is water resistant.

The skipper will welcome you aboard and will explain a few things there so that you can have fun during the cruise.

Unfortunately, due to all the regulations and the required insurance in the Netherlands, we are obliged to provide you with the following to fill in the questions.

If you cannot answer all questions positively, it is unfortunately not possible to participate in the Guest cruise.

That is one of the reasons that we let you complete this form in advance. We want to avoid having to disappoint you with the departure.

Sailservice Foundation has a P&I insurance policy, this is provided by Verschelling Assurantiën.
